SUMMARY
I am a web developer currently working as a freelancer. My main expertise is **front end development** with a **strong graphic design background** and medium exposure **to back end development**. I am very focused and driven by SEO best practices, Web Performance and Responsive Web Design. I produce a **clean, organised and standard hand-coding**. I have passion for my job and I am continuously learning new web technologies and trends. I am looking for **freelance, part time or contract positions**, working remotely or mixed with on site. I would also consider permanent roles if the job specification were a good fit.

EDUCATION
• Information Technology Degree (University of Malaga, Spain): Notable (UK = good 2:1)
• Degree Research Project: Conic Perspective for AutoCad (AutoLisp): Honors Graduate (UK = 1st class)

SKILLS
Web Development:
• HTML, CSS, Hand-coding (clean, semantic, standard): since 2005
• PHP, MySQL, CMS creation: since 2010
• Exposure to JS, JQuery: since 2012
• Bootstrap framework: since 2013
• Wordpress: Themes creation, Plugins integration, Woocommerce manipulation: since 2014
Web Development Approach:
• SEO best practices, Web Performance, Progressive Enhancement, Mobile first, Responsive Web Design, Human Usability
Graphic Design:
• PhotoShop, Illustrator, CorelDraw, AutoCad (2D/3D), Image optimisation for Web
